

# Talent to a green Denmark

A 3-year nationwide project with 37 partners to advance green transition with international workforce

## **Connect** with talent in Denmark

- The goal with this activity is to connect international students/graduates and senior Danish candidates to companies in Denmark

## **Attract** talent outside of Denmark

- This activity aims to attract experienced international candidates to Danish companies and to secure the green transition

## **Get ready** to hire international talent

- With these activities we will develop and support Danish companies to attract, hire and connect talent with green skills
